

I want rules in place that serve the public, rather than private, interest. I oppose any vote that leads to more media consolidation.

Taking such a vote on the media consolidation issue on June 2 will show a complete disregard for the views and opinions of the American people, while benefiting private interests. The actual language of the rule change must be made public. Real public debates must take place. Time needs to be spent discussing the impact of the change on all Americans. Anything less than this is undemocratic.
